of the British Accounting & Finance Association**

28th Audit & Assurance Conference

**Thur 24th & Fri 25th May 2018,
in Dublin, Ireland**

[followed by the European Accounting Association congress, Milan, Italy]

The 28th Audit & Assurance Conference, organised by the Auditing Special Interest Group (ASIG) of the British Accounting & Finance Association (BAFA), will be held in Dublin, Ireland on Thu 24th and Fri 25th May 2018. The conference is sponsored by ICAEW and ICAS. The conference organisation is supported by Aston Business School.

The conference aims to provide a forum which: i) allows faculty from higher education establishments to meet and exchange ideas and experiences, ii) encourages the discussion of educational objectives and teaching methodologies within auditing courses, and iii) promotes the dissemination of current research and professional practice in auditing and assurance, and auditing education. The conference offers a unique mix of distinguished expert speakers in the areas of auditing and assurance (incl. audit education) and it provides highlights of the latest unpublished academic research on auditing and assurance. The conference also addresses critical auditing issues arising from the recent discussions and developments by various international regulatory bodies.

The conference has been successfully held at venues around the UK or Ireland for the past 27 years and attracts a mix of international academic and professional speakers. Approximately 30 minutes is allowed for the delivery of each paper including an allowance of around 10 minutes for discussion and questions. The conference organising committee is accepting papers in any area of auditing and assurance research (including audit education).

Following on from the successful conferences in the last years whereas a number of distinguished and influential speakers participated actively in the conference, the conference organising committee is already working towards putting together another excellent conference programme for the forthcoming conference in Dublin. In the last few years' conferences, presenters such as Stephen Haddrill (Chief Executive Officer, FRC), Warren Allen (Deputy President, IFAC), Arvind Wadhwa (then Head of Audit Unit, European Commission), Allister Wilson (E&Y partner and Convenor of ICAS Research Committee), Hilde Blomme (Deputy Chief Executive, FEE), Charles Bowman (Chairman, ICAEW Audit and Assurance Faculty, and PwC partner), Arnold Schilder (Chairman, IAASB), Douglas Nisbet (past president of ICAS and E&Y partner), Steve Maslin (Partner, GT) among others, participated.

Paper submission date: January 12, 2018. Please consider submitting a paper or attending the conference (especially if you are planning to attend the *European Accounting Association* conference in Milan, Italy that is held four days later). Papers should be submitted to Ilias G Basioudis at the email: i.g.basioudis@aston.ac.uk. All submitted papers will undergo a blind review process.
